

Exhibit G

Online privacy and security on a global scale

The web has become a chaotic space where safety and trust have been compromised by cybercrime and data protection issues. Therefore, our team has a global mission to shape a more trusted and peaceful online future for people everywhere.

Our story

2024

Launched 2 digital products:
NordStellar, Saily

2023

Raised another \$100M
investment round

Our values

- Future shapers
- Restless achievers
- Self-movers
- Honest communicators
- Team players

There are a million reasons to join Nord Security.

Come and find yours

This section features a light blue background with a wavy blue line graphic at the top. Below the line, a vertical blue line with five circular markers connects five white rounded rectangular boxes, each containing a value. In the bottom right corner, there is a blue rectangular box with white text and a close button (X).

Our advisors

Rytis Vitkauskas

Rytis has been part of the European tech scene as either entrepreneur, venture or angel investor for nearly 15 years. In 2019, he became a partner at Lightspeed Venture Partners to help build the firm's European presence and global platform.
